

# DIALYSIS PATIENTS

## TRYING TO LOCATE A FACILITY TO OBTAIN DIALYSIS SERVICES?

**CALL** - Anyone of these numbers for **help getting dialysis services, transportation to dialysis, and with getting dialysis supplies and renal medications.**

If you were previously seen in a facility that was part of one of these organizations, it is best to call that organization's number first. They can get information from your electronic medical record, but any organization will help you, even if your facility was not part of one of the corporations listed. You can also call the End Stage Renal Disease (ESRD) Networks (under contract with the Center for Medicare & Medicaid Services, CMS) that will provide the same assistance.
