

Attention: Patients, Family Members & Caregivers

The ESRD Network of Texas needs a few good men and women to serve on their **Patient Advisory Committee (PAC)**.

PAC Members cover all treatment types (consisting of hemodialysis , peritoneal dialysis, home hemodialysis, and transplantation). The PAC members include patients, family members, and caregivers who live in all areas of the State of Texas. There are monthly conference calls and at least two face-to-face meetings (travel expenses are paid by the Network each year). **PAC** members work together with the ESRD Network of Texas to make available to other patients in the community the best quality of care and current information and resources. The PAC also chooses 2 members who work closely with the ESRD Network Medical Review Board and the Executive Committee as well as attending quarterly meetings.

We need members from your area of the state! If you are interested in joining the **PAC** to represent the ESRD patients in your community; please send the following to the Network office:

- 1.** Send a brief letter explaining “why you want to be on PAC” to the ESRD Network of Texas, Inc., 4040 McEwen Rd, #350, Dallas, Texas, 75244, or fax your letter to 972-503-3219
- 2.** Ask a member of your ESRD care team to send a letter of recommendation to the ESRD Network of Texas, Inc. using the same information listed above.
- 3.** If you are a caregiver or family member of a patient; ask one of the staff members or your physician to send a letter of recommendation on your behalf.

Don't forget to include **YOUR NAME, ADDRESS, PHONE NUMBER,** and **NAME OF DIALYSIS/TRANSPLANT FACILITY** in your letter of recommendation.

For questions please contact Anna Koenig at 469-916-3800
