STANDARDIZE

Hardwire and prioritize processes to become the culture, standard, or usual business in your facility

UTILIZE

Utilize frontline staff and corporate leadership

SHARE

Communicating changes between new and existing staff, PRN staff, patients and family members

TRANSPARENCY

Support and foster a culture of trust between management, staff, and patients.

ACCOUNTABILITY

Build accountability and escalation steps to be alerted of problems that arise that will effect the sustainability plan

INTEGRATION

Integrating processes into daily work and align with organization and departmental goals

NEVER GO BACK

Maintain the gains and continue the interventions learned in this QIA
