Subject: **Applicability of Reporting Requirements for Hospitals, PPS-Exempt Cancer Hospitals, Inpatient Psychiatric Facilities, Skilled Nursing Facilities, Home Health Agencies, Hospices, Inpatient Rehabilitation Facilities, Long-Term Care Hospitals, Ambulatory Surgical Centers, and Renal Dialysis Facilities Affected by Hurricane Harvey**

The Centers for Medicare & Medicaid Services (CMS) is granting exceptions under certain Medicare quality reporting and value-based purchasing programs to acute care hospitals, PPS-exempt cancer hospitals, inpatient psychiatric facilities, skilled nursing facilities, home health agencies, hospices, inpatient rehabilitation facilities, Renal Dialysis Facilities, long-term care hospitals, and ambulatory surgical centers located in areas affected by Hurricane Harvey due to the devastating impact of the storm. These providers will be granted exceptions without having to submit an extraordinary circumstances exception request if they are located in one of the Texas counties or Louisiana parishes listed below, all of which have been designated by the Federal Emergency Management Agency (FEMA) as a major disaster county. The scope and duration of the exception under each Medicare quality reporting program is described below; however, all of the exceptions are being granted to assist these providers while they direct their resources toward caring for their patients and repairing structural damages to facilities.

The affected counties and parishes designated by FEMA as of the date of this communication are as follows:

Texas Counties		Louisiana Parishes
• Aransas	• Kleberg	• Beauregard
• Bee	• Liberty	• Calcasieu
• Bexar	• Matagorda	• Cameron
• Brazoria	• Montgomery	• Jefferson Davis
• Calhoun	• Newton	• Vermilion
• Chambers	• Nueces	
• Colorado	• Orange	
• Dallas	• Refugio	
• Fayette	• Sabine	
• Fort Bend	• San Jacinto	
• Galveston	• San Patricio	
• Goliad	• Tarrant	
• Hardin	• Travis	
• Harris	• Victoria	
• Jackson	• Waller	
• Jasper	• Wharton	

The following providers located outside of the counties and parishes listed above are not covered by this communication, but may request an exception to the reporting requirements under one or more Medicare quality reporting or value-based purchasing programs using the applicable

extraordinary circumstances exception procedure: acute care hospitals, Prospective Payment System (PPS)-exempt cancer hospitals, inpatient psychiatric facilities, skilled nursing facilities, home health agencies, hospices, inpatient rehabilitation facilities, long-term care hospitals, Renal Dialysis Facilities, and ambulatory surgical centers. If FEMA expands the current disaster declaration for Hurricane Harvey to include additional counties or parishes, CMS will update this communication to expand the list of providers eligible to receive an exception without submitting a request to include the hospitals, PPS-exempt cancer hospitals, inpatient psychiatric facilities, skilled nursing facilities, home health agencies, hospices, inpatient rehabilitation facilities, long-term care hospitals, and ambulatory surgical centers located in the additional counties and parishes. In addition, CMS will continue to monitor the situation and adjust exempted reporting periods and submission deadlines accordingly.

Home Health Agencies (HHAs), Hospices, Inpatient Rehabilitation Facilities (IRFs), Long-Term Care Hospitals (LTCHs), and Skilled Nursing Facilities (SNFs)

CMS is granting an exception to all Quality Reporting Program (QRP) reporting requirements, including the reporting of data on measures and any other data requested by CMS for the post-acute care (PAC) quality reporting programs for calendar year 2017 quarters 2 and 3:

- HHAs – Home Health QRP
- Hospices – Hospice QRP
- IRFs – Inpatient Rehabilitation Facility QRP
- LTCHs – Long-Term Care Hospital QRP
- SNFs – Skilled Nursing Facility QRP

CMS will provide additional information about the extension and exceptions related to the PAC QRP submission requirements in subsequent announcements.

NOTE: Hospitals located within the designated counties and parishes listed above should be aware of the potential subsequent impact to the Hospital Value-Based Purchasing (VBP)

Program, Hospital Readmissions Reduction Program, and Hospital-Acquired Condition (HAC) Reduction Program Fiscal Year (FY) 2019 minimum case threshold counts for inclusion in these programs. For example, hospitals might be scored solely on the HAC Reduction Program Domain 1 claims-based measure due to non-submissions resulting in not meeting the minimum number of CDC HAI measures with sufficient cases in HAC Reduction Program Domain 2.

End-Stage Renal Disease Quality Incentive Program (ESRD QIP)

Renal Dialysis Facilities located in the above designated Texas counties and Louisiana parishes that were closed will be exempt from all reporting requirements of the ESRD QIP clinical and reporting measures from August 2017 through December 2017. Facilities that desire an exemption beyond December 2017 may submit an Extraordinary Circumstances Exceptions (ECE) request via the established process.

For ESRD QIP clinical and reporting measures, facilities will be exempt as shown in the following table:

Exempt Clinical Month	Reporting Deadline
June 2017	August 31, 2017
July 2017	September 30, 2017
August 2017	October 31, 2017
September 2017	November 30, 2017
October 2017	December 31, 2017
November 2017	January 31, 2017
December 2017	February 28, 2017

For the NHSN Measure topic, facilities will not be scored for Payment Year (PY) 2019 since facilities will be unable to submit 12 months of data in NHSN in order to receive the maximum number of points on this measure topic.

Closed facilities covered under this waiver will not be required to participate in the CROWNWeb or NHSN validation studies for PY 2019. Facilities in other counties, parishes, and states that may have been impacted by Hurricane Harvey may submit ECE requests based on individual circumstances with all required documentation completed. Please refer to the ECE request process and form located on *QualityNet* for additional information. The form must be signed by the Renal Dialysis Facility’s chief executive officer (CEO) or designee, and submitted via email to the ESRD QIP Mailbox at esrdqip@cms.hhs.gov. This form must be submitted within 90 days of the extraordinary circumstances event.

Please do not respond directly to this email. For further assistance regarding the information contained in this message, please contact the ESRD QIP at esrdqip@cms.hhs.gov.

Circumstances Under Which an Exception Due to Hurricane Harvey Must Be Requested in Order to be Considered by CMS

Hospital Value-Based Purchasing (VBP) Program, Hospital-Acquired Condition (HAC) Reduction Program, and Hospital Readmissions Reduction Program

Hospitals, regardless of location, may request an exception to reporting requirements under the Hospital Value-Based Purchasing (VBP) Program, Hospital-Acquired Condition (HAC) Reduction Program, and Hospital Readmissions Reduction Program. Unlike our reporting programs, we must also assess measure performance of affected providers to assess any systemic impact on performance, such as a possible increase in affected hospital readmission rates due to patients evacuated from flooded facilities. We ask that providers or facilities directly impacted by flood damage submit individual ECE Requests to the national support contractor by the process stated below. CMS will only consider exception requests that comply with these procedures.

Hospital IQR, OQR, and ASCQR ECE Request Process

Hospitals and ASCs in counties, parishes, and states outside of the designated areas may submit ECE requests based on individual circumstances by one of the following methods:

- Secure File Transfer via *QualityNet Secure Portal*, “WAIVER EXCEPTION WITHHOLDING” group,
- E-mail to QRSupport@hcqis.org,
- Secure fax to (877) 789-4443, or

- Mail to HSAG, Attention: Quality Reporting Support Contractor, 3000 Bayport Drive, Suite 300, Tampa, FL 33607.

Please refer to the ECE Request process and form specific to the program of interest located on *QualityNet* for additional information.
