

# 2019 BSI QIA TASK TRACKER

Project Page: [www.esrdnetwork.org/infection-detection](http://www.esrdnetwork.org/infection-detection)

START DATE	DUE DATE	TASKS	LINKS
APRIL	Core #3	<b>Catheter/vascular access care observations</b>	<a href="https://www.kidney.org/professionals/guidelines/guidelines_commentaries/vascular-access">https://www.kidney.org/professionals/guidelines/guidelines_commentaries/vascular-access</a>
	4/30/19	Staff and Patients watch the video together. See if patients have any questions.	<a href="#">Initiating Dialysis with a fistula or Graft</a>
	4/30/19	Complete the CDC's CE Course, "Infection Prevention in Dialysis Settings". (If this was completed within the past 6 months, you can attest to this on the end of month survey).	<a href="#">CDC: Infection Prevention in Dialysis CE Course</a>
	4/30/19	Complete the <b>4 monthly surveillance audits</b> : (HH 30/CATHCON 10/CATHEXIT 5/DISINFECT 10) and <b>Enter data into NHSN</b> .  Complete each of the checklist audits (4 total) with at least <b>1</b> patient. <b>(This step is required for 20% Cohort &amp; Recommended for 30% Cohort)</b>	<a href="#">Look under "CDC Resources" from the NW Project Page</a>
	4/30/19	Update the material in your " <b>Infection Prevention Station</b> " with catheter and vascular access care related handouts. Make sure to include the CDC's " <b>Days Since Last BSI</b> " <b>Poster</b> in an area visible to patients, family members, and staff. Handouts will be available on the project page, in the Patient Engagement section under "Infection Prevention Station".	<a href="#">Look under "Patient Engagement" from the NW Project Page</a>
	4/30/19	Choose one of the <b>patient engagement</b> options, and report the results on the monthly survey. More information and resources can be found on the project page.	<a href="#">Look Under "Patient Engagement" from NW Project Page</a>
	04/30/19	Complete the <b>monthly survey</b> for April	<a href="#">April Monthly Survey</a>
