## Types Of Home Dialysis

### Peritoneal Dialysis

- Easy to do
- No needles
- Gentle on your heart
- Take it along when you travel

### Daily Home Hemodialysis (HD)

- Fit treatments around your life
- Fewer food and drink limits
- Take it along when you travel
- More dialysis than standard HD
- Have friends visit during dialysis

### Nocturnal Home HD

- This is the most dialysis of any option
- Better energy, sleep and intimacy
- Few food and drink limits
- May live longer than with standard HD

### Nocturnal In-Center HD

- Twice as much dialysis as standard HD
- Keep your days free
- You may feel better and live longer
- No partner needed
- No machine at home

### Standard Home HD

- More dialysis than standard In-Center HD
- Feel more in control than in a center
- Set your own schedule
- Have friends visit during dialysis
