

Going Back to You!

Promoting Home Dialysis and Transplant April, 2020

Did you know that **you can be listed at more than one Transplant center**? We are so fortunate that we have 22 active transplant centers and 3 Organ Procurement Organizations (OPO) in Texas. If you are listed in the same OPO, no matter how many transplant centers you are listed in, your waiting time will be the same! However, if you are listed in different OPOs, the waiting time will be different since they are in a different pool. So you may have a better chance to get a kidney sooner!

Please ask your team for the full list of transplant centers in Texas. The list depicted in this map includes all transplant centers in Texas with contact numbers.

Did you know that you can self-refer? You **do** not have to wait for your Dr. to refer you to the transplant center. If you need any help from your team, they are always willing to help you!

This map shows three different OPO's in Texas. Blue stands for LifeGift. Yellow stands for Texas Organ Sharing Alliance. Green stands for Southwest Transplant Alliance. If you are already listed in one of these OPO. **Let's get you listed in another OPO to have a Better Chance For Transplant!!**

Ask any questions of your treatment choice to "Modality Expert Team (MET)" today!
