As a dialysis professional it is important to understand every aspect of care related to vascular access. The most current Fistula First Catheter Last (FFCL) release document which includes CROWNWeb data definitions by The ESRD National Coordinating Center (NCC) is available by clicking here.

To learn more about this document and its important CROWNWeb guidelines and definitions click here.

Tools

2011 MAC Catheter Reduction Toolkit available online

Developed by the Forum of ESRD Networks’ Medical Advisory Council (MAC)

The Forum MAC has developed a series of QAPI toolkits to assist dialysis facilities in meeting the requirements of the Conditions of Coverage.
